News

Hello everyone and welcome to our first FOSPTA Newsletter.

We intend to send one of these every couple of months to update you on our fundraising activities, important diary dates and to share what we are able to help the school purchase for our children.

Last year we were able to assist the school in purchasing a new minibus which has been a great addition, enabling class trips to take place at a much reduced cost. This year the school would like some assistance in purchasing new books for the library to update the non-fiction section with lovely modern and relevant books for the children to access. As we all know, Shade places a high priority on reading and our first purchase is going to be an outdoor reading shed to go in the newly –created quiet reading area, near the main entrance. It's going to be a great addition to playtime activities as some children like a quiet place to be. We can also use it for story time!

If you would like to volunteer to help at an event then please contact us.
